HALLO Mobile Printer DP-2E

Ideal for any business on the move !

05122011

The new standard for mobile printers

HALLO — Mobile Printer **DP-2E**

Small
Compact, lightweight design allows for comfortable use. It does not get in the way of work when you wear it on your waist or shoulder.

Smart
Labels are issued with Bluetooth-compatible wireless communications. Work efficiently without troublesome cables.

Speedy
High-speed printing of up to 100 mm per second. Work quickly with faster printing.

■ The compact body is loaded with convenient functions.

View operations on the LCD.
Settings and operations are displayed on user-friendly menus. Errors such as improperly loaded labels are also displayed, making it easy for anyone to master operations.

Supports both Tear-Off and Peel-Off modes.
Labels can be issued either in Tear-Off or Peel-Off mode. All the features necessary for a label printer have been condensed into a compact size.

Compatible with various makes of hand-held data terminals.
Compatible with any Bluetooth-enabled hand-held data terminal. Your existing equipment can be used effectively and easily.

Bluetooth

Issue large amount of labels with the DP-2L printer.
The "L" type supports desk-top standard 18-meter label rolls as well as mobile standard 10-meter label rolls. Easily supports operations that require larger amounts of labels to be issued.
* Available as an option at time of delivery.

("L" type)

Equipped with a high performance and high durability battery.
Large capacity lithium ion battery allows for long operation time. Excellent performance can be kept for a long period even after repeated recharging.

Heavy-duty design provides peace of mind.
Choose optional accessories that best suit your needs, including a protector that prevents damage to the main body even when dropped from a height of 120 cm, a convenient belt hook for carrying, a portable holster, and an auxiliary case.
* When using the protector and belt hook

■ Daily business and service will change.

Markdown labels
Portability makes in-store labeling easy.

Product display labels
Issue product labels anywhere.

Inventory control labels
Work comfortably in warehouses.

Outside sales
Issue invoices for delivery operations or door-to-door sales.

Equipment inspection/Asset management
Issue on-site tracking labels for equipment inspection or asset management.

Receipt issue
Issue receipts in hotels, restaurants, trains or mobile shops.
